NADIA AJMAL

SOC ANALYST

+91 9526607763 | nadiaajmal1990@gmail.com | Thrissur, Kerala | linkedin.com/in/nadia-ajmal-683a02242

PROFESSIONAL SUMMARY

IT security professional with a B.Tech in Information Technology and industry certifications including CompTIA Security+, Certified Ethical Hacker (CEH), and Certified SOC Analyst (CSA). Over a year of hands-on experience as a SOC Analyst monitoring security events, investigating incidents, and strengthening organizational security posture using FortiSIEM. Prior internship experience in log analysis, incident response, and security documentation. Skilled in threat detection, SIEM administration, and cross-functional collaboration, with a strong focus on protecting critical systems and data.

CORE SKILLS

Network Security | Vulnerability Assessment | SIEM Tools (Splunk, FortiSIEM) | Security Monitoring | Log Analysis | Penetration Testing

Malware Analysis | Scripting (JavaScript) | Windows & Linux Administration | Networking Protocols (TCP/IP, HTTPS) | Incident Response | Analytical & Problem-Solving Skills

WORK EXPERIENCE

SOC Analyst *Oct 2024 - Present*

Asirvad Microfinance Limited, Thrissur, Kerala

- Utilized FortiSIEM to continuously monitor and analyze security events from diverse sources, ensuring timely detection and response to incidents.
- Proactively identified, investigated, and responded to potential security threats, reducing risk and strengthening organizational security posture.
- Collaborated with cross-functional teams to develop and implement effective incident response strategies, ensuring swift resolution of emerging threats.
- Maintained and enhanced security event detection and alerting protocols, improving system defenses and reducing incident response times.
- Provided ongoing security analysis and recommendations to optimize organizational security measures, policies, and processes.

SOC Analyst Intern *3 Months*

Blueshell Technologies, Kochi, Kerala

- Monitored and analyzed security logs and alerts to detect and escalate potential security incidents.
- Assisted in incident investigations and supported response efforts to mitigate threats effectively.
- Contributed to the development, review, and maintenance of cybersecurity documentation and playbooks.
- Collaborated with cross-functional teams to identify, troubleshoot, and resolve security issues.
- Participated in regular security operations meetings, providing updates on ongoing incidents and findings.
- Assisted in configuring, fine-tuning, and optimizing security tools and monitoring systems.
- Conducted research on emerging threats, vulnerabilities, and cybersecurity trends to support proactive defense strategies.
- Supported the creation and implementation of organizational security policies, procedures, and best practices.
- Gained hands-on experience with SIEMs, vulnerability scanners, and endpoint protection solutions.
- Completed a supplementary internship with the Cyber Cell and Forensic Science Laboratory (FSL), Alappuzha, Kerala.
